

# Getting the best from

ancestry.com.au

with Jenny Higgins

**Sunday 19 November 2017  
10am to 12.30pm**

Ancestry Library Edition is available for use on computers in our library, and in public libraries everywhere.

This course will discuss ways of getting the best out of the data sets in that service – finding the required date set, search techniques, and following leads to other information.

After morning tea, we will discuss the pros and pitfalls of the “Hints” approach in an Ancestry private subscription.

### ***About the presenter***

Jenny worked at the NLA for fifteen years, with eight years as the family history librarian, including using and demonstrating Ancestry.com Library edition.

Course 712

### **HAGSOC Education Room**

41 Templeton St, Cook
