John Donaldson

John is a life member and has been a member since 1992 and is currently the Vicgum Newsletter editor. He has been using FTM since version 2 for windows, and was an alpha tester for the product with Ancestry until it was sold at the end of 2015.

Doug Elms

Trained as an Engineer and then worked as a Building Services Engineer for 50 years. He is also a life member and President, and has been using FTM since 1983. Over the years he has been involved in presenting many FTM workshops in conjunction with John Donaldson.

About Victorian GUM

An association of family history researchers using computers since 1984, but is not a family history association. Rather, it provides help and full technical support to members on how to confidently use their computers and software. See our website for details.
