

## COVID Announcement – Number 7 – January 2022

In line with the ACT Government's new COVID restrictions on 8 January 2022, the wearing of facemasks in the FHACT Library and Education Room is **mandatory**.

Wearing a face mask is a simple and practical way to minimise transmission of the virus. FHACT encourages members to continue wearing face masks indoors in crowded settings or when where physical distancing from people not known to them may not be possible.

All attendees must check-in with the Check-in Canberra App.

The room density requirements have also changed slightly. Our density capacity is 25 people excluding staff across our venue.

Numbers for in-person and hybrid meetings are limited. Please check with your convenor and ensure you book a ticket via the website, before attending.

Information on ACT COVID -19 Summary of restrictions:

<https://www.covid19.act.gov.au/restrictions/current-restrictions>

We will continue to monitor the situation in line with advice from the government health organisations. Keep an eye on the website for further information.

More details on FHACT's COVID safe Policies can be found in the documents below.

Please contact the Co-COVID Officers if you have any questions or concerns.
